WILL BOMBARD COLON

COLOMBIAN GUNBOAT GENERAL
PINZON HAS ARRIVED AT
THAT HARBOR.

FORMAL NOTICE IS GIVEN

Commander Informs the Foreigners
There of His Intention to Fire on
the City—Intense Excitement Pre-
vails—Citizens of the Various Na-
tions Offered Refuge on the War
ships—Preparations at Panama.

Colon, Colombia, Nov. 25.—The Co-
mbian gunboat General Pinzon ar-
rived in this harbor at 9:30 a. m. The
excitement in Colon at once became
intense. As a result of an exchange
of notes between the United States
gunboat Machias and the General Pin-
zon, Ignacio Foliaco, commanding the
Pinzon, which has 600 men on board,
has officially notified the American,
British and French warships now in
the harbor that he intends to bombard
Colon at noon, thus giving 24 hours
notice. The various consuls are notifi-
ing their respective fellow citizens
that refuge may be had on board the
warships.

To bombard the town of Colon it is
absolutely necessary to fire across
the railroad tracks and the railroad
employees will probably refuse to work.
Lieutenant Commander McCrea, of
the Machias is the senior naval officer
and he awaits instructions from Wash-
ington regarding the threat to bom-
bard.

Senor de la Rosa, secretary to Gen-
eral Diaz, arrived here during the day.
Generals Diaz and Luego are expected
at Colon shortly. The capture of Co-
lon by the Liberal forces is already
pinned at Savannah and doubtless at
Savannah. The situation here remains
unchanged. Traffic across the isthmus
is not impeded.

It is reported that the Liberal gun-
boat Almirante Padilla, with General
Garcera on board, left La Libertad,
an Salvador, Nov. 21, bound for Pan-
ama. The United States gunboat Com-
mander Harry Knox, has ar-
rived at Panama.

Fortifying at Panama.

Breastworks are being erected in
the public thoroughfares of Panama.
The townfolk in the vicinity of these
are hastily removing to safer places.
All persons known to be Liberals are
arrested on sight. The government
has declared its intention to contest
every inch of ground if an entrance
to the city is effected. It is reported
that some 70 who were wounded were
brought to the island of Taboga, facing
Panama harbor, to avoid creating
alarm in Panama. Taboga is about
eight miles from Panama. The govern-
ment is very anxious that marines
should be landed from the United
States battleship Iowa, but Captain
Berry, her commander, has not com-
plied with this request.

The Boyaca has returned to Panama
second time with General Alban and
a few men. The government claims
to have effected a landing at Chorrera,
beating the enemy, recovering all the
prisoners previously reported taken
with the exception of two. Among the
prisoners recovered, according to the
government version, is the alcalde of
Taboga.

The Liberal version of the incident
is that the alcalde was afraid to fight
and when captured offered Domingo
Laz, the Liberal leader, \$1,000 if he
could release him, that the offer was
accepted and that the alcalde was al-
lowed to go after giving his word of

honor not to attempt to escape. The
Liberals also assert that General Al-
ban effected a landing at Chorrera
after the Liberals had withdrawn to
join the Liberal forces marching to
the Empire station.

AS BAD AS A HURRICANE.

Insane Man Smashes One Hundred and
Forty-three Windows at Eaton, O.

Eaton, O., Nov. 25.—Between mid-
night and Sunday morning about \$5,000
worth of plate glass windows in the
business portion of this town were
broken by William Rossman, who had
recently been discharged from the asy-
lum for the insane at Dayton as cured.
Rossman used stones for demolishing
143 windows, 113 being large plate
glass in the windows of business
houses. Rossman is a member of a
prominent family, his mother owning
the Hotel Rossman. The town looks
like it had been struck by a hurricane.
Rossman would have smashed all the
windows in the town had he not been
caught and with difficulty he was
landed in jail. His hands are badly
cut and he is being attended by a
physician. His mania before commit-
ment for insanity was the breaking of
windows.

AN UNUSUAL SUICIDE.

Judge Rogers of Colorado Ends His
Life in a Peculiar Manner.

Denver, Nov. 25.—News has just
reached this city of the suicide of
Judge M. A. Rogers, formerly of the
supreme court of Colorado and one of
the ablest lawyers in the state, at
Steamboat Springs, Colo., on Wednes-
day last. The manner of suicide was
unusual. Judge Rogers laid down on
the ground with a stick of dynamite
under him, and lighting a cigar, fired
the fuse from it and calmly smoked
until the shock of the explosion ended
his life. The act was committed
among some willows near Bear river,
just inside the town limits. No cause
is known for his taking his life.

THREATEN TO KILL MISS STONE.

Brigands Want the Full Ransom Paid
by the First of the Year.

London, Nov. 25.—"Mr. Dickinson
has received no reply from the brig-
ands to his ultimatum, says a dis-
patch from Sofia to The Daily Tele-
graph. "The brigands threaten to kill
Miss Stone unless the full ransom is
paid by Jan. 1."

SAN JUAN BATTLEFIELD.

United States Government Purchases
the Spot for a Reservation.

Santiago de Cuba, Nov. 25.—During
his recent visit here General Wood
bought for the government the prin-
cipal portion of the San Juan battlefield,
including San Juan hill, the site of the
blockhouse and Bloody Bend. The
tract comprises 200 acres and cost
\$15,000. It will be considered a United
States reservation and the govern-
ment intends to lay out a beautiful
park on the old battlefield.

Had Been a Presidential Candidate.

Galesburg, Ill., Nov. 25.—A. J.
Streeter, well known in agricultural
and political circles of Illinois, and
who came to national fame in 1888 as
the Union Labor party's candidate for
president, is dead of diabetes at his
home in Windsor.

Canada's Offer of Men Accepted.

Ottawa, Ont., Nov. 25.—A cablegram
has been received from the high com-
missioner in London saying that Can-
ada's offer of 600 mounted infantry for
service in South Africa had been ac-
cepted by the war office.

Diaz to Celebrate Thanksgiving.

Mexico City, Nov. 25.—The Ameri-
can colony of this city will celebrate
Thanksgiving day with a ball at which
President Diaz will be present. The
flags of all the Latin-American repub-
lics, as well as the American colors,
will form a part of the decorative ar-
rangement.

SCALED THE PRECIPICE

DETACHMENT OF NINETEENTH
INFANTRY CAPTURES FILI-
PINO FORT.

TOOK THEM BY SURPRISE

Insurgents, Attacked From the Rear,
Desert Their Stronghold and Are
Terribly Punished by Troops Lying
in Wait—The New Philippine Con-
stabulary Force Making an Envi-
able Record—Steamer Reported Lost.

Manila, Nov. 25.—Captain Edward
P. Lawton's company of the Nine-
teenth infantry has attacked and cap-
tured an insurgent fort on Bohol is-
land, south of Cebu, in the Visayan
group.

This fort was surrounded on all
sides by a precipice and the only en-
trance to the higher ground was
guarded by a stockade with a line of
entrenchments behind it. Captain
Lawton sent Sergeant McMahon and
20 men to climb the precipice and at-
tack the fort in the rear. Sergeant
McMahon's party accomplished their
task after three hours' climbing
through the thick undergrowth of
brush and vines that covered the al-
most perpendicular cliff. They took
the enemy by surprise and drove them
from the fort. As the insurgents es-
caped they had to pass the remainder
of Captain Lawton's company at a dis-
tance of 150 yards. Here the enemy
suffered terrible loss.

The insurgents defended themselves
with both cannon and rifles. The
cannon were captured. The smaller
ones were removed, while the larger
ones were buried. Captain Lawton in
his report makes special mention for
bravery of Sergeants List and Mc-
Mahon.

General Chaffee has ordered that in
the future complete records shall be
kept of all natives taking the oath of
allegiance to the United States. Du-
plicates of these records will be signed
in English, Spanish and Tagalog.

The Philippine constabulary, which
was organized last August, is proving
itself a valuable adjunct to the mil-
itary authorities and is making an en-
vi-able record.

The local steamer Alerta, with 200
passengers, including some discharged
American soldiers from Olongapo, Su-
big bay, to Manila, is believed to have
been lost.

DENIED BY KITCHENER.

Boer Women and Children Were Not
Placed in Front at Gras Pan.

London, Nov. 25.—With reference to
the story that the British placed Boer
women and children in front during
the fighting at Gras Pan June 6 when
General Dewet's convoy was captured
—a story which has been spread
broadcast as an example of British
barbarity—The Daily Mail sent a dis-
patch of inquiry to Lord Kitchener,
who replied as follows:

"The statement is absolutely untrue
and devoid of all foundation. One
child was killed and one woman and
one child were wounded by the Boers."
As the story has been prominent in
the recent anti-Chamberlain campaign
in Germany The Daily Mail has tele-
graphed Lord Kitchener's reply to all
the leading German papers.

William T. Stead, lecturing in Lon-
don Sunday, said he thanked God that
Germany and Europe were bold
enough to call baby murder crime.

"Compared with England's conduct,"
he exclaimed, "Herod's slaughter of
the innocents was saintlike. Great
Britain ought to be beaten in this un-
just war. In the American war we
employed redskins just as we have
loosened Kaffirs against the Boers,
and, thank God, we were beaten."

HOT FIGHT ON IN CUBA.

Campaign Between Palma and Maso
Is Formally Opened.

Havana, Nov. 25.—The campaign of
Senor Tomaso Estrada Palma for the
presidency of Cuba was opened by an
overflowing meeting at the Tacon theater.
General Maximo Gomez, who pre-
sided, made a short speech recom-
mending the candidature of Senor
Palma.

He was followed by Senor Gon-
zales, who extolled the civic virtues
of Senor Palma. He declared that al-
though he recognized the patriotism of
General Bartolome Maso he did not
consider him so desirable a man as
Senor Palma for the presidency.

Senor Garcia made an impassioned
speech in which he pointed out that
in many of the Latin-American states
the negro was not separated from the
white man, and said that Maso's candi-
dacy was an attempt to divide the Cu-
bans.

THE STRIKE IS OVER.

Old Men on the New York, New Haven
and Hartford Return to Work.

New York, Nov. 25.—There was a
rush of business at the Harlem river
yards of the New York, New Haven
and Hartford railroad, for at 10 o'clock
in the morning all the men who went
on strike last Tuesday went back to
work. The first train to leave the
yards under the direction of the old
men left at 1 o'clock and the men lined
up along the track cheering. The
headquarters of the strikers were de-
serted all day, giving evidence that
the strike is over for good.

ARE BEHIND THE BARS.

Camp of Striking Union Miners at
Nortonville, Ky., Broken Up.

Madisonville, Ky., Nov. 25.—The
famous and much-talked-of camp of
the striking union miners that has
been located about a quarter of a mile
south of Nortonville, in the southern
part of this county, is a thing of the
past. All of the campers, with the ex-
ception of a very few who escaped the
officers, are prisoners behind the bars
of the county jail, charged by County
Judge Hall with a "breach of the
peace, unlawfully assembling and
banding together, thereby making the
camp a menace and terror to the pub-
lic peace." The four large tents, with
all the camp paraphernalia, were cap-
tured and brought in with the prison-
ers.

A special train left Madisonville at
6:30 a. m., carrying County Judge
Hall, Sheriff John H. Hankins, Deput-
ies James Thomas and Samuel Jen-
nings, also General Murray, his aides,
Captain Ellis of Owensboro, Captain
Gordon of Frankfort and Captains
Powers and Strang, with them Mad-
isonville and Hopkinsville companies.
The train took the siding at Norton-
ville. Judge Hall, the sheriff and his
deputies got into a conveyance and
drove to the camp, a quarter of a mile
distant. On arriving at the camp it
was found that all the men save 25 or
30 had left, taking with them all the
arms and ammunition. All who were
present Judge Hall ordered at once
arrested. The four tents were soon
torn down, loaded on wagons and
hauled to Nortonville, where they
were packed in a box car that was
brought along for that purpose. The
striking miners were also placed on
the train and all brought to this place.

FOR A BIG DEFENSE FUND.

Steel Workers May Contribute Ten
Per Cent of Their Wages.

Cleveland, Nov. 25.—A special to
The Leader from Wheeling, W. Va.,
says: "A gigantic fund is a proposition
the lodges of the Amalgamated Asso-
ciation of Steel, Iron and Tin Workers
in the Wheeling district are now vot-
ing on. The plans, as forwarded from
the Pittsburgh headquarters, call for an
assessment on each member of 10 per
cent of his wages."

The significance of the plan is ap-
parent when it is realized that the
strike settlement agreement expires in
eight months. Several lodges in this
section of the Ohio valley have voted
in the affirmative. All the local lodges
voted against the treaty proposed by
the steel trust and are inclined to
stand out for the big voluntary per-
centage contribution from their daily
wages. It is taken to mean that an
other stern clash with the \$1,000,000,
000 trust is due in 1902, when the scale
expires. In the recent strike lack of
funds to care for new lodges was a
serious drawback.

MUCH DAMAGE DONE.

Coast in the Vicinity of New York
Swept by a Severe Storm.

New York, Nov. 25.—A heavy north-
east gale is raging along the coast.
The storm set in at sunset, blowing
with great severity all night, accom-
panied by heavy rain. In the upper
and lower bay the storm blew with
great fury. An unusually high tide
washed upon the Staten Island shores,
doing considerable damage to docks,
small boats and other craft.

Driven by the terrific northeast gale
the highest tide ever known along the
north shore of Long Island swept in-
land, leaving a ribbon of wreckage
that girts the shore front from Astoria
to Long Island City and out to Green-
port, on the extreme east end of the
island. Thousands of dollars of dam-
age was done. Docks, boats and bath-
ing houses were wrecked and fleets
of yachts which had been drawn up in
winter quarters were floated off by the
high tide and left stranded in many
instances more than half a mile in-
land.

SHOT AT GAMING TABLE.

Pittsburg Negro Kills a Prominent
Young Man.

Pittsburg, Nov. 25.—Harry McGee,
son of a well known oil operator of
this city, is dead as the result of a
shooting affray during a poker game
at his home in North Bridgewater.
McGee and several companions, among
whom was Leroy Evans, a young col-
ored man, were engaged in a game of
poker, and while arguing over the pos-
session of a jackpot McGee is said to
have struck Evans. The latter left
the house, saying he would return to
get even. He came back in about an
hour and challenged McGee to a duel.
This proposition was refused and be-
fore the others could interfere Evans
pulled a revolver and shot McGee in
the right side of the head. While he
was down McGee fired two shots, but
missed. McGee died from the effects
of his wound and Evans is under ar-
rest, charged with murder.

Prominent Citizens Indicted.

Medena, Utah, Nov. 25.—The grand
jury of Lincoln county, Nev., which
convened at Pioche last Thursday,
has returned indictments against 17 of
the leading citizens of Fay, Nev., who,
it is alleged, participated in the
"stringing up" of George Ellis, col-
ored, in an effort to make him confess
to numerous thefts that had taken
place in that vicinity during the past
few weeks.

Chile's First Iron Steamer Launched.

Santiago de Chile, Nov. 25.—The
launch of the first iron steamer con-
structed in Chile occurred at Val-
paraiso during the day and was a great
success. The ceremony was attended
by the president, Senor German Blasco,
the federal authorities and a large as-
semblage of people. The entire ship,
from keel to track, was constructed in
this country.

TRIAL A SUCCESS.

Submarine Boat Fulton Stays Under Water Fifteen Hours.

New York, Nov. 25.—In the presence
of a big crowd, which despite the
storms assembled to witness the
emerging of the submarine boat Ful-
ton, that craft rose from the bottom of
the bay at 10:30 a. m., with all well
and greatly surprised to find there was
a storm raging. The test of the Ful-
ton's staying powers was highly satis-
factory, not only to the officers of the
company that built her, but to those
who went to the bottom in the boat.
They report that there was not the
slightest discomfort to them during
their more than 15 hours of submer-
sion beneath the surface. Captain
Cable of the Holland company, who
was in command, said that the boat
could have remained down for three
months if there were food enough on
board. Although there was but six
feet of water over the top of the tur-
ret those on board felt nothing of the
storm. Through the night there was
a slight rolling motion to the craft,
but this was ascribed to the regular
motion of the water and not to the
disturbance which was rolling the
waves high on the shore.

Immediately on coming to the sur-
face the Fulton, under her own power,
ran alongside the dock and tied up.
Rear Admiral Lowe and Lieutenant
Arthur MacArthur refused to go into
any discussion of the performance of
the boat, except to say they would be
satisfied to stay down longer. "They
are, however, known to be enthusias-
tic over the work of the Fulton thus
far."

Members of the crew say they ex-
perienced no difficulty in breathing
and that the air was all that could be
desired and much purer and better
than in an ordinary closed room in
which are several persons. Every
piece of machinery worked to perfec-
tion during the night. The men ate
two meals while under water and en-
joyed them. Most of them obtained
three or four hours' sleep.
Later Admiral Lowe said: "Con-
sidering that we did not draw on the
tanks at all for air, I consider this
wonderful. It upsets all the theories
of the physicians and scientists, who
told us that what we did was impos-
sible. I was very critical all night and
nothing escaped me."

ENDORSES JONES' PLAN.

Secretary Hitchcock Will Use Differ-
ent Methods With the Indians.

Washington, Nov. 25.—The annual
report of Secretary Hitchcock of the
Interior department has been made
public. It endorses the conclusions
submitted by Commissioner of Indian
Affairs Jones regarding the present In-
dian educational system. The secre-
tary says:

"The management of the Indian
service in the field and in the schools,
while satisfactory under existing con-
ditions, is not deemed to be the best
for the welfare of the Indians and dif-
ferent methods will hereafter be adopt-
ed. This policy contemplates requir-
ing the working by Indian allottees
able to do so of a fair portion of lands
allotted to them and the contributing

by their industry to their own support
of all not entirely disqualified by ac-
tual disability, physical or otherwise,
the discontinuance of the issue of ra-
tions to those able to support them-
selves and the extension to the latter
of every possible aid for their well be-
ing and encouragement, the inaugura-
tion of industrial training in all schools
where not now established, so that
such Indians of both sexes may be
taught the trades or industries adapt-
ed to their circumstances."

SAW THE BULL FIGHT.

Members of the Pan-American Con-
gress Entertained at Mexico City.

Mexico City, Nov. 25.—The bull
fighting season in Mexico opened Sun-
day with Mazatlan, the famous Span-
ish matador, in the arena. Many prom-
inent people in the social and political
world of Mexico, including cabinet
ministers, were present. Two boxes
were occupied by some of the mem-
bers of the United States delegation
to the Pan-American conference and
parties of Mexican friends. General
Rafael Reyes, the Colombian delegate
and the so-called peace commissioners
of his country, occupied a box togeth-
er. The other South American dele-
gations were liberally represented.
Though the performance did not come
up to expectations the fight was re-
markable for slaughter of horses, 12
being gored to death.

GRECIAN CABINET RESIGNS.

Result of Demonstrations Against
Translating the Gospels.

Athens, Nov. 25.—As a result of the
demonstrations against the proposed
translation of the Gospels into modern
Greek the Grecian cabinet has re-
signed. This action was taken in spite
of King George's efforts to induce the
cabinet and M. Theotokis, the premier,
to remain in office. M. Theotokis con-
sidered the responsibility of the judi-
cial inquiry into the recent riots
should be left to another cabinet in
order that the truth may be estab-
lished beyond suspicion.

The party of M. Theotokis will sup-
port the new cabinet.

Raynor Would Accept No Fee.

Baltimore, Nov. 25.—It was learned
during the day that Mr. Isador Ray-
nor, chief counsel for Rear Admiral
W. S. Schley in the recent hearing be-
fore the court of inquiry, had refused
to accept a fee for his services. A
mutual friend of the admiral and Mr.
Raynor stated that the admiral recent-
ly sent a valuable gold watch to Mr.
Raynor and a magnificent brooch of
diamonds and pearls to Mrs. Raynor.

Crushed His Skull With a Club.

Highland, Kan., Nov. 25.—J. F.
Ward, a member of the city council,
crushed J. E. Springer's skull with a
club, fatally wounding him, after
Springer had twice shot him, a result
of an old family feud. Ward is seri-
ously but not mortally wounded.
Springer cannot live.

The Rome correspondent of the
London Times says he learns that
Prince George of Greece has accepted
a renewal of the mandate of the pow-
ers as high commissioner of Crete.

his life. The act was committed
among some willows near Bear river,
just inside the town limits. No cause
is known for his taking his life.

THREATEN TO KILL MISS STONE.

Brigands Want the Full Ransom Paid
by the First of the Year.

London, Nov. 25.—"Mr. Dickinson
has received no reply from the brig-
ands to his ultimatum, says a dis-
patch from Sofia to The Daily Tele-
graph. "The brigands threaten to kill
Miss Stone unless the full ransom is
paid by Jan. 1."

SAN JUAN BATTLEFIELD.

United States Government Purchases
the Spot for a Reservation.

Santiago de Cuba, Nov. 25.—During
his recent visit here General Wood
bought for the government the prin-
cipal portion of the San Juan battlefield,
including San Juan hill, the site of the
blockhouse and Bloody Bend. The tract
comprises 200 acres and cost
\$15,000. It will be considered a United
States reservation and the govern-
ment intends to lay out a beautiful
park on the old battlefield.

Had Been a Presidential Candidate.

Galesburg, Ill., Nov. 25.—A. J.
Streeter, well known in agricultural
and political circles of Illinois, and
who came to national fame in 1888 as
the Union Labor party's candidate for
president, is dead of diabetes at his
home in Windsor.

Canada's Offer of Men Accepted.

Ottawa, Ont., Nov. 25.—A cablegram
has been received from the high com-
missioner in London saying that Can-
ada's offer of 600 mounted infantry for
service in South Africa had been ac-
cepted by the war office.

Diaz to Celebrate Thanksgiving.

Mexico City, Nov. 25.—The Ameri-
can colony of this city will celebrate
Thanksgiving day with a ball at which
President Diaz will be present. The
flags of all the Latin-American repub-
lics, as well as the American colors,
will form a part of the decorative ar-
rangement.

SCALED THE PRECIPICE

DETACHMENT OF NINETEENTH
INFANTRY CAPTURES FILI-

Insurgents, Attacked from the Rear,
Desert Their Stronghold and Are
Terribly Punished by Troops Lying
in Wait—The New Philippine Con-
stabulary Force Making an Envi-
able Record—Steamer Reported Lost.

Manila, Nov. 25.—Captain Edward
P. Lawton's company of the Nine-
teenth infantry has attacked and cap-
tured an insurgent fort on Bohol is-
land, south of Cebu, in the Visayan
group.

This fort was surrounded on all
sides by a precipice and the only en-
trance to the higher ground was
guarded by a stockade with a line of
entrenchments behind it. Captain
Lawton sent Sergeant McMahon and
20 men to climb the precipice and at-
tack the fort in the rear. Sergeant
McMahon's party accomplished their
task after three hours' climbing
through the thick undergrowth of
brush and vines that covered the al-
most perpendicular cliff. They took
the enemy by surprise and drove them
from the fort. As the insurgents es-
caped they had to pass the remainder
of Captain Lawton's company at a dis-
tance of 150 yards. Here the enemy
suffered terrible loss.

The insurgents defended themselves
with both cannon and rifles. The
cannon were captured. The smaller
ones were removed, while the larger
ones were buried. Captain Lawton in
his report makes special mention for
bravery of Sergeants List and Mc-
Mahon.

General Chaffee has ordered that in
the future complete records shall be
kept of all natives taking the oath of
allegiance to the United States. Du-
plicates of these records will be signed
in English, Spanish and Tagalog.

The Philippine constabulary, which
was organized last August, is proving
itself a valuable adjunct to the mili-
tary authorities and is making an en-
vi-able record.

The local steamer Alerta, with 200
passengers, including some discharged
American soldiers from Olongapo, Su-
big bay, to Manila, is believed to have
been lost.

DENIED BY KITCHENER.

Boer Women and Children Were Not
Placed in Front at Gras Pan.

London, Nov. 25.—With reference to
the story that the British placed Boer
women and children in front during
the fighting at Gras Pan June 6 when
General Dewet's convoy was captured
—a story which has been spread
broadcast as an example of British
barbarity—The Daily Mail sent a dis-
patch of inquiry to Lord Kitchener,
who replied as follows:

"The statement is absolutely untrue
and devoid of all foundation. One
child was killed and one woman and
one child were wounded by the Boers."

As the story has been prominent in
the recent anti-Chamberlain campaign
in Germany The Daily Mail has tele-
graphed Lord Kitchener's reply to all
the leading German papers.

William T. Stead, lecturing in Lon-
don Sunday, said he thanked God that
Germany and Europe were bold
enough to call baby murder crime.

"Compared with England's conduct,"
he exclaimed, "Herod's slaughter of
the innocents was saintlike. Great
Britain ought to be beaten in this un-
just war. In the American war we
employed redskins just as we have
loosened Kaffirs against the Boers,
and, thank God, we were beaten."

HOT FIGHT ON IN CUBA.

Campaign Between Palma and Maso
Is Formally Opened.

Havana, Nov. 25.—The campaign of
Senor Tomas Estrada Palma for the
presidency of Cuba was opened by an
overflow meeting at the Tacon theater.
General Maximo Gomez, who pre-
sided, made a short speech recom-
mending the candidature of Senor
Palma.

He was followed by Senor Gon-
zales, who extolled the civic virtues
of Senor Palma. He declared that al-
though he recognized the patriotism of
General Bartolome Maso he did not
consider him so desirable a man as
Senor Palma for the presidency.

Senor Garcia made an impassioned
speech in which he pointed out that
in many of the Latin-American states
the negro was not separated from the
white man, and said that Maso's candi-
dacy was an attempt to divide the Cu-
bans.

THE STRIKE IS OVER.

Old Men on the New York, New Haven
and Hartford Return to Work.

New York, Nov. 25.—There was a
rush of business at the Harlem river
yards of the New York, New Haven
and Hartford railroad, for at 10 o'clock
in the morning all the men who went
on strike last Tuesday went back to
work. The first train to leave the
yards under the direction of the old
men left at 1 o'clock and the men lined
up along the track cheering. The
headquarters of the strikers were de-
serted all day, giving evidence that
the strike is over for good.

ARE BEHIND THE BARS.

Camp of Striking Union Miners at
Nortonville, Ky., Broken Up.

Madisonville, Ky., Nov. 25.—The
famous and much-talked-of camp of
the striking union miners that has
been located about a quarter of a mile
south of Nortonville, in the southern
part of this county, is a thing of the
past. All of the campers, with the ex-
ception of a very few who escaped the
officers, are prisoners behind the bars
of the county jail, charged by County
Judge Hall with a "breach of the
peace, unlawfully assembling and
banding together, thereby making the
camp a menace and terror to the pub-
lic peace." The four large tents, with
all the camp paraphernalia, were cap-
tured and brought in with the prison-
ers.

A special train left Madisonville at
6:30 a. m., carrying County Judge
Hall, Sheriff John H. Hankins, De-
puties James Thomas and Samuel Jen-
nings, also General Murray, his aides,
Captain Ellis of Owensboro, Captain
Gordon of Frankfort and Captains
Powers and Strang, with them Mad-
isonville and Hopkinsville companies.
The train took the siding at Norton-
ville. Judge Hall, the sheriff and his
deputies got into a conveyance and
drove to the camp, a quarter of a mile
distant. On arriving at the camp it
was found that all the men save 25 or
30 had left, taking with them all the
arms and ammunition. All who were
present Judge Hall ordered at once
arrested. The four tents were soon
torn down, loaded on wagons and
hauled to Nortonville, where they
were packed in a box car that was
brought along for that purpose. The
striking miners were also placed on
the train and all brought to this place.

FOR A BIG DEFENSE FUND.

Steel Workers May Contribute Ten
Per Cent of Their Wages.

Cleveland, Nov. 25.—A special to
The Leader from Wheeling, W. Va.,
says: A gigantic fund is a proposition
the lodges of the Amalgamated Asso-
ciation of Steel, Iron and Tin Workers
in the Wheeling district are now vot-
ing on. The plans, as forwarded from
the Pittsburgh headquarters, call for an
assessment on each member of 10 per
cent of his wages.

The significance of the plan is ap-
parent when it is realized that the
strike settlement agreement expires in
eight months. Several lodges in this
section of the Ohio valley have voted
in the affirmative. All the local lodges
voted against the treaty proposed by
the steel trust and are inclined to
stand out for the big voluntary per-
centage contribution from their daily
wages. It is taken to mean that an
other stern clash with the \$1,000,000,
000 trust is due in 1902, when the scale
expires. In the recent strike lack of
funds to care for new lodges was a
serious drawback.

MUCH DAMAGE DONE.

Coast in the Vicinity of New York
Swept by a Severe Storm.

New York, Nov. 25.—A heavy north-
east gale is raging along the coast.
The storm set in at sunset, blowing
with great severity all night, accom-
panied by heavy rain. In the upper
and lower bay the storm blew with
great fury. An unusually high tide
washed upon the Staten Island shores,
doing considerable damage to docks,
small boats and other craft.

Driven by the terrific northeast gale
the highest tide ever known along the
north shore of Long Island swept in-
land, leaving a ribbon of wreckage
that girds the shore from Astoria
to Long Island City and out to Green-
port, on the extreme east end of the
island. Thousands of dollars of dam-
age was done. Docks, boats and bat-
hing houses were wrecked and fleets
of yachts which had been drawn up
in winter quarters were floated off by
the high tide and left stranded in many
instances more than half a mile in-
land.

SHOT AT GAMING TABLE.

Pittsburg Negro Kills a Prominent
Young Man.

Pittsburg, Nov. 25.—Harry McGee,
son of a well known oil operator of
this city, is dead as the result of a
shooting affray during a poker game
at his home in North Bridgewater.
McGee and several companions, among
whom was Leroy Evans, a young col-
ored man, were engaged in a game of
poker, and while arguing over the pos-
session of a jackpot McGee is said to
have struck Evans. The latter left
the house, saying he would return to
get even. He came back in about an
hour and challenged McGee to a duel.
This proposition was refused and be-
fore the others could interfere Evans
pulled a revolver and shot McGee in
the right side of the head. While he
was down McGee fired two shots, but
missed. McGee died from the effects
of his wound and Evans is under ar-
rest, charged with murder.

Prominent Citizens Indicted.

Modena, Utah, Nov. 25.—The grand
jury of Lincoln county, Nev., which
convened at Pioche last Thursday,
has returned indictments against 17 of
the leading citizens of Pay, Nev., who
it is alleged, participated in the
"stringing up" of George Ellis, col-
ored, in an effort to make him confess
to numerous thefts that had taken
place in that vicinity during the past
few weeks.

Chile's First Iron Steamer Launched.

Santiago de Chile, Nov. 25.—The
launch of the first iron steamer con-
structed in Chile occurred at Val-
paraiso during the day and was a great
success. The ceremony was attended
by the president, Senor German Blasco,
the federal authorities and a large as-
semblage of people. The entire ship,
from keel to track, was constructed in
this country.

TRIAL A SUCCESS.

Submarine Boat Fulton Stays Under
Water Fifteen Hours.

New York, Nov. 25.—In the presence
of a big crowd, which despite the
storms assembled to witness the
emerging of the submarine boat Ful-
ton, that craft rose from the bottom of
the bay at 10:30 a. m., with all well
and greatly surprised to find there was
a storm raging. The test of the Ful-
ton's staying powers was highly satis-
factory, not only to the officers of the
company that built her, but to those
who went to the bottom in the boat.
They report that there was not the
slightest discomfort to them during
their more than 15 hours of submer-
sion beneath the surface. Captain
Cable of the Holland company, who was
in command, said that the boat
could have remained down for three
months if there were food enough on
board. Although there was but six
feet of water over the top of the tur-
ret those on board felt nothing of the
storm. Through the night there was
a slight rolling motion to the craft,
but this was ascribed to the regular
motion of the water and not to the
disturbance which was rolling the
waves high on the shore.

Immediately on coming to the sur-
face the Fulton, under her own power,
ran alongside the dock and tied up.
Rear Admiral Lowe and Lieutenant
Arthur MacArthur refused to go into
any discussion of the performance of
the boat, except to say they would be
satisfied to stay down longer. They
are, however, known to be enthusias-
tic over the work of the Fulton thus
far.

Members of the crew say they ex-
perienced no difficulty in breathing
and that the air was all that could be
desired and much purer and better
than in an ordinary closed room in
which are several persons. Every
piece of machinery worked to perfec-
tion during the night. The men ate
two meals while under water and en-
joyed them. Most of them obtained
three or four hours' sleep.

Later Admiral Lowe said: "Con-
sidering that we did not draw on the
tanks at all for air, I consider this
wonderful. It upsets all the theories
of the physicians and scientists, who
told us that what we did was impossi-
ble. I was very critical all night and
nothing escaped me."

ENDORSES JONES' PLAN.

Secretary Hitchcock Will Use Differ-
ent Methods With the Indians.

Washington, Nov. 25.—The annual
report of Secretary Hitchcock of the
interior department has been made
public. It endorses the conclusions
submitted by Commissioner of Indian
Affairs Jones regarding the present in-
dian educational system. The secre-
tary says:

"The management of the Indian
service in the field and in the schools,
while satisfactory under existing con-
ditions, is not deemed to be the best
for the welfare of the Indians and dif-
ferent methods will hereafter be adopt-
ed. This policy contemplates requir-
ing the working by Indian allottees
able to do so of a fair portion of lands
allotted to them and the contributing

by their industry to their own support
of all not entirely disqualified by ac-
tual disability, physical or otherwise,
the discontinuance of the issue of ra-
tions to those able to support them-
selves and the extension to the latter
of every possible aid for their well be-
ing and encouragement, the inaugura-
tion of industrial training in all schools
where not now established, so that
such Indians of both sexes may be
taught the trades or industries adapt-
ed to their circumstances."

SAW THE BULL FIGHT.

Members of the Pan-American Con-
gress Entertained at Mexico City.

Mexico City, Nov. 25.—The bull
fighting season in Mexico opened Sun-
day with Mazentini, the famous Span-
ish matador, in the arena. Many promi-
nent people in the social and political
world of Mexico, including cabinet
ministers, were present. Two boxes
were occupied by some of the mem-
bers of the United States delegation
to the Pan-American conference and
parties of Mexican friends. General
Rafael Reyes, the Colombian delegate
and the so-called peace commissioners
of his country, occupied a box togeth-
er. The other South American dele-
gations were liberally represented.
Though the performance did not come
up to expectations the fight was re-
markable for slaughter of horses, 12
being gored to death.

GRECIAN CABINET RESIGNS.

Result of Demonstrations Against
Translating the Gospels.

Athens, Nov. 25.—As a result of the
demonstrations against the proposed
translation of the Gospels into modern
Greek the Grecian cabinet has re-
signed. This action was taken in spite
of King George's efforts to induce the
cabinet and M. Theotokis, the premier,
to remain in office. M. Theotokis con-
sidered the responsibility of the judi-
cial inquiry into the recent riots
should be left to another cabinet in
order that the truth may be estab-
lished beyond suspicion.

The party of M. Theotokis will sup-
port the new cabinet.

Raynor Would Accept No Fee.

Baltimore, Nov. 25.—It was learned
during the day that Mr. Isador Ray-
nor, chief counsel for Rear Admiral
W. S. Schley in the recent hearing be-
fore the court of inquiry, had refused
to accept a fee for his services. A
mutual friend of the admiral and Mr.
Raynor stated that the admiral recent-
ly sent a valuable gold watch to Mr.
Raynor and a magnificent brooch of
diamonds and pearls to Mrs. Raynor.

Crushed His Skull With a Club.

Highland, Kan., Nov. 25.—J. F.
Ward, a member of the city council,
crushed J. E. Springer's skull with a
club, fatally wounding him, after
Springer had twice shot him, a result
of an old family feud. Ward is seri-
ously but not mortally wounded.
Springer cannot live.

The Rome correspondent of the
London Times says he learns that
Prince George of Greece has accepted
a renewal of the mandate of the pow-
ers as high commissioner of Crete.

GOV. VAN SANT's backbone has at last been recognized by some of the knockers.

The Duluth News-Tribune says political harmony is an unrecognized quantity in Hennepin county. It had been generally supposed that it was a minus quantity.

EDITOR COBB, of the Hubbard County Enterprise, has just issued an industrial edition of that paper which is certainly a credit to the town in which it is published. It is the finest specimen of typographical art in the way of a country newspaper that has yet reached our table.

GOV. VAN SANT certainly has the people of Minnesota with him in his stand against the combination of railroads, and his determination to exhaust all the means in his power to see that the laws of the state are enforced against this gigantic consolidation scheme will meet with their approval.

LONG PRAIRIE has just put into effect an ordinance requiring saloons to remove all screens from their windows on Sundays and from eleven o'clock at night until the lawful hour for resuming business in the morning. Isn't this liable to drive the thirsty element of that town to carrying their own bottle?

From newspaper comment and the report of Commissioner Jones it begins to look as if the Indian wards of the government would be invited to get behind the plow or some other implement for earning a living and made to hustle for himself. There will be just as much advantage in being a white man as an Indian when that time arrives.

Mr. Ormsby favored the proposition and assured the people that service will begin February first.—Hubbard County Enterprise.

There is a dispute about the quantity of coal that has been received this season at Duluth. The local United States engineer's office kept track of all receipts and shipments, and its unverified figures, recently published, showed that the receipts of hard coal for this year to Nov. 1 were 748,254. This was disputed by the coal dealers, as it knocked the wind out of their story that so little coal had come in, so much less than last year, that it would be necessary to raise the price. The figures from the Sault, however, showed that only 657,147 tons had passed into Lake Superior, of which Duluth gets only about 81 per cent. Captain Gallard, local engineer, will investigate the matter to determine the truth as to the amount of coal received. The Sault figures are only 4,000 ton less than the receipts last year.

HON. A. F. FERRIS CHAIRMAN.

Chairman of County Committee Appointed to Raise Funds Toward the McKinley Monument.

The Minnesota committee to push the work of collecting funds for the McKinley memorial to be erected at Canton, the late president's home, was selected Saturday by the committee appointed for that purpose, consisting of Judge Eli Torrance, W. H. Eustis and Gov. Van Sant. The list includes 175 names of prominent men from various parts of Minnesota. The work will be executed with a vengeance.

Judge Torrence is a national trustee representing the national association. W. H. Eustis is the state committee chairman; Gov. Van Sant is the honorary vice president of the national association; C. S. Cairns is treasurer of the Minnesota committee and F. H. Forbes is secretary. Hon. A. F. Ferris has been appointed chairman for Crow Wing County.

REFORMATORY IMPROVEMENTS.

State Board of Control Provides for Some Conveniences at the Institution at St. Cloud.

The state board of control, besides improving the water supply at the St. Cloud Reformatory, will enlarge the stone cutting shop to twice its present size, says the Pioneer-Press. The building is a large circular structure with a large central derrick for hoisting and placing the stone. It now has room for forty-one men. When the shop is enlarged it will have accommodations for eighty of the 169 men at the reformatory.

The work will all be done by the men in the reformatory. The building was built of lumber but the remodeled structure will be entirely of stone cut and trimmed by the men. The only cost to the state will be for an extension of the roof.

R. E. Lee and Judge Gould returned yesterday from a meeting of the board at St. Cloud. They located the new well which is to supply water for the reformatory. The well will be about 300 feet east of the reformatory. It is expected that an ample supply of water will be found within fifty feet of the surface. The board will advertise for bids on two twelve-horse power gasoline engines which will operate the pumps at the well. A six-inch main will carry the water to the reformatory.

KENTUCKY MINING TROUBLES.

One Dead and Four Others Wounded Near Madisonville.

Madisonville, Ky., Nov. 18.—Mining troubles in this district have brought more bloodshed. James H. Smith, a negro striker, is dead; George Crouch, another striker, is fatally wounded, while John West, Hut Dawson and Nathan Bush, all guards, are wounded, none of them dangerously.

The trouble occurred at the mines of the Providence Coal company, 1 miles from here, where an attack began at about 4:30 o'clock. The attacking party, some 75 or 80 strong, first fired on the engine house and then in a few minutes the company's stables were surrounded. A horse and a mule were killed and several other animals disabled. By this time the guards were becoming active and the attackers formed in a semi-circle over the brow of the hill. From there they poured a well directed fire upon the houses occupied by the non-union employees and their families. Men aroused by the crash of bullets rushed to small timber piles, arranged for use in such an emergency, and from behind these returned the fire. The attacking party, while sending volley after volley into this quarter, kept up a steady fire on the tippie, engine room, stables and other buildings of the company, while the guards for their part were doing effective work. The battle raged for almost an hour and a half, when the assailants withdrew, leaving Smith dead and Crouch shot through and through on the field. How many wounded they took with them is not known, but the leader was seen to fall and it is believed some of the party who went to his rescue were hit. The governor has sent troops to the scene.

POST FOR "FIGHTING BOB."

To Be Second in Command of the Asiatic Squadron.

Washington, Nov. 14.—Secretary Long intends to send Rear Admiral Robley D. Evans out to the Asiatic station to be second officer in command. Both Admiral Remy, commander-in-chief of that station, and Admiral Kempff, junior squadron commander, will return soon to the United States, having served out the term allotted for service in Asiatic waters. This will leave Rear Admiral Rogers, now in senior command of the squadron, in supreme command. Though it has not yet been decided it is very probable that there will not then be three admirals on the Asiatic station as at present, for officers of this rank are needed for service at home, and two rear admirals, it is thought, will suffice.

GOV. VAN SANT's backbone has at last been recognized by some of the knockers.

THE Duluth News-Tribune says political harmony is an unrecognized quantity in Hennepin county. It had been generally supposed that it was a minus quantity.

EDITOR COBB, of the Hubbard County Enterprise, has just issued an industrial edition of that paper which is certainly a credit to the town in which it is published. It is the finest specimen of typographical art in the way of a country newspaper that has yet reached our table.

GOV. VAN SANT certainly has the people of Minnesota with him in his stand against the combination of railroads, and his determination to exhaust all the means in his power to see that the laws of the state are enforced against this gigantic consolidation scheme will meet with their approval.

LONG PRAIRIE has just put into effect an ordinance requiring saloons to remove all screens from their windows on Sundays and from eleven o'clock at night until the lawful hour for resuming business in the morning. Isn't this liable to drive the thirsty element of that town to carrying their own bottle?

FROM newspaper comment and the report of Commissioner Jones it begins to look as if the Indian wards of the government would be invited to get behind the plow or some other implement for earning a living and made to hustle for himself. There will be just as much advantage in being a white man as an Indian when that time arrives.

There is a dispute about the quantity of coal that has been received this season at Duluth. The local United States engineer's office kept track of all receipts and shipments, and its unverified figures, recently published, showed that the receipts of hard coal for this year to Nov. 1 were 748,254. This was disputed by the coal dealers, as it knocked the wind out of their story that so little coal had come in, so much less than last year, that it would be necessary to raise the price. MRS. ANN PEGG'S DEATH CHRONICLED.

Well and Favorably Known In Brainerd, Being a Resident Here For Years.

NEWS RECEIVED THIS MORNING.

Was a Resident of the City In The Early Days and Left Only Recently.

Word was received in the city this morning by Mrs. Robina L. George-son from Bradford, A., announcing the death of Mrs. Ann Pegg, a former well known resident of this city.

Mrs. Pegg's death is thought to have been due to old age and general infirmities, although no particulars of the seemingly sudden ending were reported in the dispatch. Until five years ago she was a resident of this city. She moved at that time with her daughter, Mrs. A. Bardsley, to Pennsylvania. Her son-in-law, Mr. Bardsley, was master mechanic for the Northern Pacific in this city at one time and is also very well known here.

The deceased had many friends in this city and the news of her death will be a surprise. She was a loving, kind and devoted woman and all who knew her learned to love her. The many friends of the family extend sympathy.

H. F. Pegg, of this city, and Chas. Pegg, of West Superior, are sons of deceased. It is understood that the remains will be shipped to this city for interment.

MISS JENNIE PHILLIPS DEAD.

Young Girl Well Known in This City Passes Away At An Early Hour Sunday Morning.

Miss Jessie Phillips, daughter of Mr. and Mrs. E. J. Phillips, died Sunday morning at her home in East Brainerd at 5 o'clock after a long struggle with typhoid fever.

Deceased was in her seventeenth year and was particularly popular among her friends in the city. She had been sick for three or four weeks, and until recently it was thought that she would recover, but she was taken with a relapse from which she never recovered.

The funeral services will be held tomorrow afternoon at the First Baptist church in this city, Rev. S. W. Hover officiating. Interment will take place in Evergreen cemetery.

BRUNS the Optician will arrive in Brainerd tonight and will examine eyes free at the Arlington Hotel, tomorrow and Wednesday, Nov. 27th. Don't delay.

Going out of the clothing business and selling the stock at actual cost price. Come and examine prices. HENRY I. COHEN.

KYLLO--ABEAR.

A Nuptial Event of Interest Occurred Saturday Evening at the Home of Mr. and Mrs. Chas. Eckman.

On Saturday evening at 8 o'clock there occurred a nuptial event in the city of more than usual interest, the contracting parties being Mr. Carl H. Kylo and Lettie E. Abear. The wedding ceremony occurred at the home of Mr. and Mrs. Chas. Ekman in the Hartley block, in the presence of a few friends, Rev. Seth W. Hover officiating.

The bride is well known in this city being a popular attachee of the Brainerd Tribune office where she has been employed for years. She has been a resident of this city from childhood and her acquaintance is very large. She is a daughter of H. C. Stivers, former editor of the Daily News, which paper was launched in 1882, the first daily that Brainerd ever had. Later he edited the Brainerd Journal. He is now at Superior, being associate editor of the Clarion. The bride is popular with all classes and her many friends in the city will extend congratulations.

The bridegroom, Mr. Kylo is also very well known in the city, having lived here now going on six years. He is engaged in the manufacture of cigars and has built up by his close attention a lucrative business.

Mr. and Mrs. Kylo have taken apartments in the Hartley building where they will make their home for the winter. They have the very best wishes of THE DISPATCH together with a large circle of friends.

EDWARD FINN SERIOUSLY HURT.

Caught Between a Car and a Building at the Northern Pacific Shops Saturday Afternoon.

Saturday afternoon about 5 o'clock a switch engine flying through the Northern Pacific yards at a break-neck speed gave the signal of distress of some unfortunate workman for the company. It seems that Edward Finn who works at the shops in this city was working near a car which was standing near the boiler shops. A switch engine came along to take the car out and in some manner Finn was caught between the car and the building and in this precarious condition was badly squeezed.

The engineer of the switch engine heard the cries and stopped at once but not before Mr. Finn had been quite badly hurt. He was taken to the N. P. Sanitarium where an examination was held. It was found that one or two of his ribs were broken and he sustained other injuries about the body. While his wounds are thought to be quite serious it is not thought that they will be fatal.

Anyone desiring cut flowers and smilax for the Thanksgiving season should not fail to order early as cuttings are very scarce everywhere. Early orders will catch the lowest prices. BRAINERD GREENHOUSES.

Young Man Claims That He Did Not Induce Miss Donahue To Leave Home

It is understood that Emil Lindberg, who was charged with abduction and who was pluced under \$1000 bonds on Saturday, William Donahue being the complaining witness, is not much afraid of the consequences of so serious a charge. He has been locked up in the county jail to await a hearing tomorrow morning.

He claims that Lucy Donahue, the sixteen-year old girl whom he is claimed to have abducted, has been ill treated at home in a most brutal manner and when it comes to a show down that she will testify shat she left her home of her own accord.

The young man is rather indignant and says that he will make it warm for the complaining witness, William Donahue.

MRS. MINNIE FISK PASSES AWAY.

The Final Summons Comes at An Early Hour Sunday Morning--She Took A Relapse.

Mrs. Minnie Fisk, whose home was at 210 Front street west, died at 9:30 o'clock Sunday morning after a lingering illness lasting over six weeks.

Some time ago she was taken sick with diphtheria and from this contagion she seemed so have fully recovered, but started to work again too soon it is thought and took a relapse until her life ebbed out. She has been a resident of this city for years, and it will be remembered that her husband, Frank Fisk, was killed by being run over by a wagon some three or four years ago.

The funeral services were held this afternoon from her late home, Rev. S. W. Hover officiating. Interment was made in Evergreen cemetery.

ENGINEER LEAKE KILLED.

His Engine Hurlled Down an Embankment and Several Cars with Merchandise are Demolished.

A Northern Pacific engine and caboose running at a high speed, struck some freight cars about two miles east of the depot at Minneapolis at about 6:30 Sunday morning. The cars were demolished and the engine hurled from the track down a fifteen-foot embankment. Coal from the tender was piled into the caboose and instantly killed the engineer, Hiram Leake, injured the fireman and Fred Turner. The dead engineer came here recently from Staples, (Minn.) division of the Northern Pacific. He was about forty, unmarried and a native of Michigan. How the freight cars got out on the main line is unknown, but it is supposed that they broke loose from other cars on a siding during the severe wind-storm, and the grade may have carried them down to the main line.

BROUGHT GOOD PRICE.

M. J. Reilly Sells His Property on Sixth Street to Fred Drexler For Blacksmith purposes.

Fred Drexler has purchased of M. J. Reilly the lot and building on Sixth street which was formerly occupied by A. G. Koepenick, for blacksmith purposes, and already the firm of Drexler & McNaughton have taken possession of the building and are doing business there.

This property is about the centre of the block and brought a very good price, Mr. Reilly receiving \$1200 for the same. The building was worth about \$200 so the lot brought \$1000.

Attention Lady Foresters.

The Jury In Her Case at Walker was Out But Fifteen Minutes When They Returned a Verdict.

Perhaps one of the most important criminal cases which will be tried at the term of the district court being held at Walker, was completed on Saturday evening. It was the case of the state against Nellie King, charged with burglary. She was charged with burglarizing the home of S. A. Stanley in the Gull river country. The case took up considerable attention of the court and it was hard fought on both sides. Judge Alderman of this city appeared for the defendant. The case went to the jury Saturday night but they were out but fifteen minutes when they returned a verdict of not guilty.

VERY FLATTERING SALE.

Residents of Brainerd will Attend the Opening of New Opera House in Large Numbers.

The committee which has in charge the sale of the tickets for the opening of the new Brainerd Opera House feel very much pleased with the progress of the sale. The seats are going fast and nearly all the \$7.50 and \$5 seats have been sold. Those who want to get in on these best seats in the house will have to hurry.

There will also be a large attendance from other cities. Nearly a dozen high priced seats have been sold in Little Falls and it is expected that a large number will be sold in Staples and other nearby towns.

AMUSEMENTS.

The first attraction at the Brainerd Opera House on next Monday evening will be George W. Lederer's brilliant trans-Atlantic triumph, "The Casino Girl," which is a musical extravaganza originally produced some two years ago at the Casino theatre, New York. During a run of 400 performances in that city the theatre-going public never lost interest in the gayety, and at the same time of its transfer to the Shaftesbury theatre in London the piece was still playing to enormous crowds. In the metropolis of England the merry maid held sway for 300 nights, and upon her return to New York a supplementary season was given. Manager Samuel E. Rork, under whose direction the present tour is being made, will present the original production of New York and London in its entirety. There will be sixty artists in the company and the list of principals will include Frank Bernard, Ben Grinnell, R. E. Warren, Harry Short, Miss Clara Palmer, Nellie McNaughton, Carrie Reynolds and Hattie Arnold. In the incidental features the famous Pony Ballet, of London, will disport itself. The book of the gayety is by Harry B. Smith and the score by Ludwig Englander.

Federal Government Wants State to Cede To Indian Thirty-One Acres For Mille Lacs Indians.

The federal government, according to a letter received by State Auditor Dunn from Indian Commissioner Jones, wants Minnesota to cede lot four consisting of thirty-one acres, on the Mille Lacs reservation, for an Indian burial ground. This letter is taken by some as a concession that the state has legal ownership of swamp lands on Indian reservations, a point pending in the United States supreme court, but the authorities regard it as a mere oversight of the commissioner.

The land in question was patented to the state May 13, 1871, under the swamp land grant of March 12, 1860. In September, 1871, the commissioner asked that the land be ceded back, but no action was taken on the request.

By joint resolution of congress, May 27, 1898, lot four, with other land was reserved for the burial ground of the Mille Lacs Indians. But in 1871 the land was granted by the state to the Lake Superior & Mississippi Railway company as a part of the land grant, and the title has now passed from the state.

The land claimed by the state in the swamp land suit now under consideration in the supreme court amounts to 533,962 acres in the Red lake Indian reservation. Indirectly 906,339.42 acres are involved. Of the land indirectly involved 153,507 acres is on the Leech lake Indian reservation and 183,176 acres in the White Earth reservation and 183,176 acres in the diminished Red lake Indian reservation.

MRS. ANN PEGG'S DEATH CHRONICLED.

Well and Favorably Known in
Brainerd, Being a Resident
Here For Years.

NEWS RECEIVED THIS MORNING.

Was a Resident of the City in
The Early Days and Left
Only Recently.

Word was received in the city this morning by Mrs. Robina L. George-son from Bradford, A., announcing the death of Mrs. Ann Pegg, a former well known resident of this city.

Mrs. Pegg's death is thought to have been due to old age and general infirmities, although no particulars of the seemingly sudden ending were reported in the dispatch. Until five years ago she was a resident of this city. She moved at that time with her daughter, Mrs. A. Bardsley, to Pennsylvania. Her son-in-law, Mr. Bardsley, was master mechanic for the Northern Pacific in this city at one time and is also very well known here.

The deceased had many friends in this city and the news of her death will be a surprise. She was a loving, kind and devoted woman and all who knew her learned to love her. The many friends of the family extend sympathy.

H. F. Pegg, of this city, and Chas. Pegg, of West Superior, are sons of deceased. It is understood that the remains will be shipped to this city for interment.

MISS JENNIE PHILLIPS DEAD.

Young Girl Well Known in This City Passes
Away At An Early Hour
Sunday Morning.

Miss Jessie Phillips, daughter of Mr. and Mrs. E. J. Phillips, died Sunday morning at her home in East Brainerd at 5 o'clock after a long struggle with typhoid fever.

Deceased was in her seventeenth year and was particularly popular among her friends in the city. She had been sick for three or four weeks, and until recently it was thought that she would recover, but she was taken with a relapse from which she never recovered.

The funeral services will be held tomorrow afternoon at the First Baptist church in this city, Rev. S. W. Hover officiating. Interment will take place in Evergreen cemetery.

BRUNS the Optician will arrive in Brainerd to-
night and will examine eyes free at the Arlington Hotel, tomorrow and Wednesday, Nov. 27th. Don't delay.

KYLLO--ABEAR.

A Nuptial Event of Interest Occurred Sat-
urday Evening at the Home of Mr.
and Mrs. Chas. Eckman.

On Saturday evening at 8 o'clock there occurred a nuptial event in the city of more than usual interest, the contracting parties being Mr. Carl H. Kylo and Lettie E. Ahear. The wedding ceremony occurred at the home of Mr. and Mrs. Chas. Ekman in the Hartley block, in the presence of a few friends, Rev. Seth W. Hover officiating.

The bride is well known in this city being a popular attachée of the Brainerd Tribune office where she has been employed for years. She has been a resident of this city from childhood and her acquaintance is very large. She is a daughter of H. C. Stivers, former editor of the Daily News, which paper was launched in 1882, the first daily that Brainerd ever had. Later he edited the Brainerd Journal. He is now at Superior, being associate editor of the Clarion. The bride is popular with all classes and her many friends in the city will extend congratulations.

The bridegroom, Mr. Kylo is also very well known in the city, having lived here now going on six years. He is engaged in the manufacture of cigars and has built up by his close attention a lucrative business.

Mr. and Mrs. Kylo have taken apartments in the Hartley building where they will make their home for the winter. They have the very best wishes of THE DISPATCH together with a large circle of friends.

EDWARD FINN SERIOUSLY HURT.

Caught Between a Car and a Building
at the Northern Pacific Shops
Saturday Afternoon.

Saturday afternoon about 5 o'clock a switch engine flying through the Northern Pacific yards at a break-neck speed gave the signal of distress of some unfortunate workman for the company. It seems that Edward Finn who works at the shops in this city was working near a car which was standing near the boiler shops. A switch engine came along to take the car out and in some manner Finn was caught between the car and the building and in this precarious condition was badly squeezed.

The engineer of the switch engine heard the cries and stopped at once but not before Mr. Finn had been quite badly hurt. He was taken to the N. P. Sanitarium where an examination was held. It was found that one or two of his ribs were broken and he sustained other injuries about the body. While his wounds are thought to be quite serious it is not thought that they will be fatal.

Bluefield, W. Va., Nov. 25.—The dead bodies of the lost party of eight well known mining men who entered West mine of the Pocahontas Collieries company on Friday morning last at 11 o'clock were recovered at 12:45 p. m. At 7 a. m. a rescuing party numbering 40 persons entered at the main entrance, bratticing the mine as they went in order to improve the circulation of the air. They had reached a distance of 3,500 feet from the entrance when they encountered such quantities of white damp that it was impossible to proceed further. Retracing their steps they decided to make another attempt from the Tug river entrance, some six miles across the Flat Top mountain. They went in this entrance about 10:30 o'clock and after going a distance of some 600 feet found the dead bodies of A. S. Hurst, chief inspector; Bob Oldham, sub-inspector, and Frazier G. Bell, mining engineer, all huddled together. From their positions they must have met death suddenly and without pain. All of them were lying face down, with no signs of a struggle. Hurst had made a pillow of his coat, on which his head rested. The other five members of the party, Superintendent of Mines Walter O'Malley, Joseph Cardwell, superintendent of the Shamokin Coal and Coke company; R. E. St. Clair, second assistant inspector; State Mine Inspector Price and Maurice St. Clair, sub-inspector, were found several hundred feet back in the mine, three of the bodies lying some little distance apart. Bob St. Clair and Joseph Cardwell were lying dead with arms clasped around each other. The bodies of O'Malley, Maurice St. Clair and Price were discolored and bruised about the face, showing signs of a struggle, it being very plain to see they made a desperate attempt at retracing their steps to better air.

It is said by members of the rescuing party that Hurst, Bell and Oldham would hardly have lost their lives but for the fact that they lost their way, entering a chamber 150 feet to the left or near one of the passages from the Baby mine in which the deadly white damp had accumulated in great quantity. The bodies were very much swollen, and, having been attacked by mine rats, present a gruesome spectacle.

The fire is still burning in Baby mine and the mine officials seem to be at a loss to understand how it will be finally extinguished. The only way, it is believed, is by flooding. This will be an enormous undertaking, as the mine is a drift mine. Mine experts claim there is great danger of explosions by flooding the mine, as when water comes in contact with the fire the generation of gas will be so great as to possibly blow away the whole side of the mountain.

WELCOMED IN CHICAGO.

Six Thousand Persons Greet Messrs.

Redmond, McHugh and O'Donnell.

Chicago, Nov. 25.—An audience estimated at 6,000 persons gathered in the Auditorium to welcome the envoys from the United Irish league, John E. Redmond, Patrick A. McHugh and Thomas O'Donnell, and to celebrate the anniversary of the death of the Manchester martyrs, Allen, Larkin and O'Brien. The oration of the evening was delivered by Mr. Redmond, who related bits of the past history of his native country, told of its national pride, of its oppression and of its ambitions and hopes. He cheered his listeners by telling them that Ireland is now united and awakened their enthusiasm by declaring that the people were never so near the realization of their fond hopes as now.

Mr. Redmond was followed by Messrs. O'Donnell and McHugh.

WAS A SERIOUS AFFAIR.

Details of the Capture of Commandant

Byrs Near Standerton.

London, Nov. 25.—Dispatches from South Africa show that the recent fighting southeast of Standerton, as to which Lord Kitchener reported nothing beyond the fact that Commandant Byrs had been captured after attacking a patrol of 100 railroad pioneers, was really a serious affair.

It seems that Groebler's commando succeeded in surrounding and capturing a British force of 100 British Cape railway pioneers. Subsequently Colonel Remington came up with reinforcements and after heavy fighting compelled the Boers to retire and to release their prisoners. The British losses included Major Fisher killed and three officers wounded. The casualties among the men have not yet been reported.

THE ACUTE PHASE PASSED.

Tone of German Press Regarding

Chamberlain's Speech Moderating.

London, Nov. 25.—With the moderating tone of the German press the acute phase of the Chamberlain incident is regarded as already passed. Whether the agitation will be renewed or die out altogether will now depend upon the attitude Count von Buelow, the German imperial chancellor, assumes in the Reichstag.

It has been reported that Count von Buelow will take a firm stand against Mr. Chamberlain's Edinburgh remarks, being nothing loth to use the agitation in Germany as a lever to assist the naval programme of Emperor William.

STRUNG UP BY NEGROES.

Colored Murderer Lynched by Mem-

bers of His Own Race.

Shreveport, La., Nov. 25.—The news of a sensational murder and lynching has just reached this city from Herndon plantation, about eight miles below Shreveport on the Bossier parish side of Red river. The men who did the lynching were negroes and they strung up one of their own race. The negro avengers not only determined upon the summary execution of their victim, but took him from a white officer for that purpose. The killing which led to the lynching occurred Saturday night. Frank Thomas, a negro employed on the Amelia plantation shot and killed a 14-year-old negro boy over a debt of 30 cents. The killing was witnessed by a number of excited negroes. Deputy Sheriff Holmes arrested Thomas and was proceeding toward Shreveport with his prisoner when a mob of 200 negroes and 5 or 6 white men took possession of Thomas and promptly strung him up to the limb of a tree, where the body was left hanging until evening.

WOULD WORK FOR PEACE.

The Spectator Urges Great Britain to

Endorse the Monroe Doctrine.

London, Nov. 23.—The most important position in The Spectator is occupied by a discussion of a proposal that Great Britain should give its formal adherence to the Monroe doctrine. The Spectator says:

"If America will define the Monroe doctrine why should we not pledge ourselves not to infringe upon it? When we had acknowledged this doctrine America might propose it to the rest of the powers for endorsement. If she did the powers could hardly refuse. If they adhered their adherence would be of great use, not to America, but to the cause of peace, for it would eliminate a great many of the notable causes of war. If the Monroe doctrine became part of the public law of the civilized world the risk of a war breaking out with regard to European interference in Brazil or Spanish America, now always a possibility, would then pass away. Possibly no other power but Great Britain would at first be willing to recognize the Monroe doctrine as binding. Even so, it would be worth our while to pledge ourselves to respect it, for we never mean to attack that doctrine, and sooner or later our example will probably be followed by other powers."

The Spectator also approves the canal treaty and in another article on Secretary Hay's foreign policy the paper says:

"No country in the world can show two greater or worthier statesmen than President Roosevelt and Secretary Hay."

INDIANS WANT VENGEANCE.

Claim a Deer Hunter Has Killed One

of Their Tribe.

Marquette, Wis., Nov. 25.—It is learned from Superintendent John Burke of the Peshtigo Lumber company that there is great excitement among the Indians on the head waters of the Eagle river, in the northern part of Marinette county, over the disappearance of one of the Indians who has been missing for a week. Charles Keshena, one of the best known Indians in that part of the country, appeared at one of the Peshtigo company's camps and said that his brother Indians were greatly excited over the disappearance of one of their tribe and claim that he was killed by some white hunter who shot him by mistake, taking him for a deer and then fled. They are searching everywhere for his body and if it is found it may go hard with some of the white hunters in that locality.

The Indians firmly believe that he was killed by a white man and are determined on vengeance. The name of the missing Indian is not known. The Indians are of the Menominee tribe and have a small settlement on the Eagle river. Keshena expressed considerable alarm and all the white hunters in that locality are being warned as soon as possible. It is probable that there will be a general exodus as soon as the excitement among the Indians becomes known.

FLSION LEADERS DINED.

The City Club Entertains Mayor-Elect

Low and His Associates.

New York, Nov. 25.—The election of a fusion ticket at the polls on Nov. 5 was celebrated by a dinner given by the City club in the Madison Square Concert hall. Five hundred and twenty members of the club and guests were seated at the tables, while 400 people were in the boxes. The dinner was given to Mayor-elect Seth Low, President-elect of the Board of Aldermen Charles V. Farnes, Comptroller-elect Edward M. Grout and District Attorney-elect William Travers Jerome.

The first token of the jubilation of the evening was lusty cheering when Mayor-elect Low and Justice Jerome arrived. This demonstration was renewed when the two ascended the stage a few moments later and took their places at the guest table. Wheeler H. Packham, president of the City club, presided, while at the table were men prominent in the fusion movement as well as many from out of the city.

Mr. Low and the other candidates made speeches and the mayor-elect made the statement that no use of patronage, however skillful, could insure the success of the next administration, and also that no person or organization could demand patronage as a right. There was some laughter when he said that he did not mean that he would select his associates from the ranks of the enemy and there was much applause when he announced that while partisanship on his own side would not bar the way to appointment, yet aspirants must base their hopes first and chiefly on merit.

GRATEFUL TO CROKER.

Tammany Leader Dined by the New

York Democratic Club.

New York, Nov. 25.—Richard Croker was the guest of honor at a dinner tendered him at the Democratic club by the board of governors and the officials of the club. Covers were laid for 24. At the conclusion of the dinner a handsome silver jardiniere was presented to Mr. Croker, President John Fox, who presided at the dinner, making the presentation speech. During the course of his remarks President Fox, speaking in behalf of the club, thanked Mr. Croker for his services as leader of the Democratic party in this city and for the work he had done in behalf of the Democratic club. Speeches were made by nearly every one present. Each had a word of gratitude to say to Mr. Croker for the work he has done in the past on the behalf of the Democratic party. The trend of the speeches was to the effect that Mr. Croker would undoubtedly be the leading spirit in the movement to unite the Democratic party in the state and to lead it again in the municipal elections.

Mr. Croker replied briefly. He asserted that the party had met defeat at the recent election through the work of the party's opponents in the Republican ranks and declared that much of this was due to the mandamus legislation forced upon the people of this city by the Republican party at Albany.

Bluefield, W. Va., Nov. 25.—The dead bodies of the lost party of eight well known mining men who entered West mine of the Pocahontas Collieries company on Friday morning last at 11 o'clock were recovered at 12:45 p. m. At 7 a. m. a rescuing party numbering 40 persons entered at the main entrance, bratticing the mine as they went in order to improve the circulation of the air. They had reached a distance of 3,500 feet from the entrance when they encountered such quantities of white damp that it was impossible to proceed further. Retracing their steps they decided to make another attempt from the Tug river entrance, some six miles across the Flat Top mountain. They went in this entrance about 10:30 o'clock and after going a distance of some 600 feet found the dead bodies of A. S. Hurst, chief inspector; Bob Oldham, sub-inspector, and Frazier G. Bell, mining engineer, all huddled together. From their positions they must have met death suddenly and without pain. All of them were lying face down, with no signs of a struggle. Hurst had made a pillow of his coat, on which his head rested. The other five members of the party, Superintendent of Mines Walter O'Malley, Joseph Cardwell, superintendent of the Shamokin Coal and Coke company; R. E. St. Clair, second assistant inspector; State Mine Inspector Price and Maurice St. Clair, sub-inspector, were found several hundred feet back in the mine, three of the bodies lying some little distance apart. WOULD WORK FOR PEACE.

The Spectator Urges Great Britain to Endorse the Monroe Doctrine.

London, Nov. 23.—The most important position in The Spectator is occupied by a discussion of a proposal that Great Britain should give its formal adherence to the Monroe doctrine. The Spectator says: "If America will define the Monroe doctrine why should we not pledge ourselves not to infringe upon it? When we had acknowledged this doctrine America might propose it to the rest of the powers for endorsement. If she did the powers could hardly refuse. If they adhered their adherence would be of great use, not to America, but to the cause of peace, for it would eliminate a great many of the notable causes of war. If the Monroe doctrine became part of the public law of the civilized world the risk of a war breaking out with regard to European interference in Brazil or Spanish America, now always a possibility, would then pass away. Possibly no other power but Great Britain would at first be willing to recognize the Monroe doctrine as binding. Even so, it would be worth our while to pledge ourselves to respect it, for we never mean to attack that doctrine, and sooner or later our example will probably be followed by other powers." The Spectator also approves the canal treaty and in another article on Secretary Hay's foreign policy the paper says: "No country in the world can show two greater or worthier statesmen than President Roosevelt and Secretary Hay."

INDIANS WANT VENGEANCE.

Claim a Deer Hunter Has Killed One of Their Tribe.

Marinette, Wis., Nov. 25.—It is learned from Superintendent John Burke of the Peshtigo Lumber company that there is great excitement among the Indians on the head waters of the Eagle river, in the northern part of Marinette county, over the disappearance of one of the Indians who has been missing for a week. Charles Keshena, one of the best known Indians in that part of the country, appeared at one of the Peshtigo company's camps and said that his brother Indians were greatly excited over the disappearance of one of their tribe and claim that he was killed by some white hunter who shot him by mistake, taking him for a deer and then fled. They are searching everywhere for his body and if it is found it may go hard with some of the white hunters in that locality.

The Indians firmly believe that he was killed by a white man and are determined on vengeance. The name of the missing Indian is not known. The Indians are of the Menominee tribe and have a small settlement on the Eagle river. Keshena expressed considerable alarm and all the white hunters in that locality are being warned as soon as possible. It is probable that there will be a general exodus as soon as the excitement among the Indians becomes known.

FLSION LEADERS DINED.

The City Club Entertains Mayor-Elect

Low and His Associates.

New York, Nov. 25.—The election of a fusion ticket at the polls on Nov. 5 was celebrated by a dinner given by the City club in the Madison Square Concert hall. Five hundred and twenty members of the club and guests were seated at the tables, while 400 people were in the boxes. The dinner was given to Mayor-elect Seth Low, President-elect of the Board of Aldermen Charles V. Farnes, Comptroller-elect Edward M. Grout and District Attorney-elect William Travers Jerome.

The first token of the jubilation of the evening was lusty cheering when Mayor-elect Low and Justice Jerome arrived. This demonstration was renewed when the two ascended the stage a few moments later and took their places at the guest table. Wheeler H. Packham, president of the City club, presided, while at the table were men prominent in the fusion movement as well as many from out of the city.

Mr. Low and the other candidates made speeches and the mayor-elect made the statement that no use of patronage, however skillful, could insure the success of the next administration, and also that no person and no organization could demand patronage as a right. There was some laughter when he said that he did not mean that he would select his associates from the ranks of the enemy and there was much applause when he announced that while partisanship on his own side would not bar the way to appointment, yet aspirants must base their hopes first and chiefly on merit.

GRATEFUL TO CROKER.

Tammany Leader Dined by the New

York Democratic Club.

New York, Nov. 25.—Richard Croker was the guest of honor at a dinner tendered him at the Democratic club by the board of governors and the officials of the club. Covers were laid for 24. At the conclusion of the dinner a handsome silver jardiniere was presented to Mr. Croker. President John Fox, who presided at the dinner, making the presentation speech. During the course of his remarks President Fox, speaking in behalf of the club, thanked Mr. Croker for his services as leader of the Democratic party in this city and for the work he had done in behalf of the Democratic club. Speeches were made by nearly every one present. Each had a word of gratitude to say to Mr. Croker for the work he has done in the past on behalf of the Democratic party. The trend of the speeches was to the effect that Mr. Croker would undoubtedly act as the leading spirit in the movement to unite the Democratic party in the state and to lead it again in the municipal elections.

Mr. Croker replied briefly. He asserted that the party had met defeat at the recent election through the work of the party's opponents in the Republican ranks and declared that much of this was due to the mandatory legislation forced upon the people of this city by the Republican party at Albany.
